

**For Immediate Release**

**Mailing Date:** Thursday, May 25, 2006

**Contact:** Kevin Yanny, County Project Manager, (262) 548-7740

**Construction to Begin on C.T.H. O (Moorland Road) Rehabilitation Project**

New Berlin, Wis. – Construction is scheduled to begin on a Waukesha County project to rehabilitate County Trunk Highway (C.T.H.) O (Moorland Road) in the City of New Berlin. Work is scheduled to begin on June 5, 2006 and is expected to be completed by October 13, 2006.

The project limits extend from C.T.H. I (Beloit Road) to State Trunk Highway (S.T.H.) 59 (Greenfield Avenue). A 0.4 mile segment of C.T.H. ES (National Avenue) is included in the project. The project scope includes concrete pavement repairs, reinforcement of pavement joints, and diamond grinding the existing concrete surface to improve the ride. The project also includes safety improvements at several locations and updating of traffic signal equipment.

C.T.H. O will remain open to traffic during the construction of the project. Repairs will be completed using lane closures. Motorists are encouraged to seek alternate routes. In addition to daytime construction, work operations will be permitted during evening hours (until 10:00 p.m.) and weekends.

For more information, please contact Kevin Yanny, Project Manager with the Waukesha County Department of Public Works at 262-548-7740, or Mr. Ted Kautzman, Project Engineer with R.A. Smith and Associates at 414-507-1066.
